Approval in Principle subject to:

1. Deed of Assignment life policy
2. Loan Offer Confirmation Sheet
3. **permanent tsb** plc's standard terms and conditions apply. This Approval in Principle (AIP) is only valid for 6 months from the date of issue of the original AIP. Where a subsequent AIP issues and is an amendment to an existing AIP, the 6 month period commences on the date of original AIP (and not the date of the amended AIP). **permanent tsb** may in its absolute discretion extend this date.
4. Life Cover
5. Direct Debit Mandate
6. Building insurance for
7. Satisfactory valuation report for
8. Balance of funds (inclusive of Gift if applicable) sufficient to complete the transaction including all associated costs from an unborrowed source to be evidenced in applicants' bank account, prior to (loan offer / cheque issue) subject to channel verification (Branch / Intermediaries Sales)

Management)

9. The approval is subject to a review of the relevant completed customer declaration(s) signed by all parties to the mortgage. The customer declaration(s) must be submitted prior to the drawdown of the loan subject to Distribution verification.

Signed: Aran OByrne Date: _____

Note: An Approval in Principle does not constitute a formal letter of offer and should not be relied upon to enter into a binding contract or purchase at auction.

If there are any material changes to either of the applicants' circumstances prior to or at the time of the drawdown of funds, this may result in the Approval in Principle being withdrawn, paused or varied at Permanent TSB's discretion. This is a condition of this Approval in Principle

European Standardised Information Sheet (ESIS)

This document was produced for Ms _____ and Mr _____ on 23/03/2025.

This document was produced on the basis of the information that you have provided so far and on the current financial market conditions.

This document does not constitute an obligation for Permanent TSB p.l.c. to grant you a loan.

1. Lender
Name: Permanent TSB p.l.c. Telephone number: 0818 211 644 Address: 56-59 St. Stephen's Green, Dublin 2
2. Credit Intermediary
Name: Brokers Ireland Network Services Ltd t/a Brokers Ireland Mortgage Services Telephone number: [353] 01 492 2203 Address: 87 Merrion Square, Dublin 2 We are not recommending a particular mortgage for you. However, based on your answers to some questions, we are giving you information about this mortgage so that you can make your own choice. Broker remuneration: €3,150.00
3. Main features of the loan
Amount and currency of the loan to be granted: 315,000.00 EUR Duration of the loan: 35 Years Product descriptions This is a mortgage loan with an annuity repayment structure, which means your monthly repayment consists of two parts, an interest and capital repayment. Interest rate descriptions Your rate is fixed for 5 year(s). Upon expiry of the fixed term, your rate will default to the variable interest rate available from Permanent TSB p.l.c. at that time. You may exercise an option to contract for another fixed rate period (if available). The variable rate applicable following expiry of the fixed rate may vary in accordance with changes made at the discretion of Permanent TSB p.l.c. WARNING: You may have to pay charges if you pay off a fixed-rate loan early. Total amount to be reimbursed: Capital drawn down €315,000.00 plus Total Cost of Credit €266,772.02 which gives total amount to be reimbursed to Permanent TSB p.l.c. €581,772.02 This means that you will pay back €1.85 for every €1.00 borrowed. WARNING: This amount is illustrative and may vary in particular in relation to the variation in the borrowing rate. Value of the property assumed to prepare this information sheet: €397,000.00

This loan will be secured on your property to be confirmed at loan offer stage.

4. Interest rate and other costs

The annual percentage rate of charge (APRC) is the total cost of the loan expressed as an annual percentage. The APRC is provided to help you to compare different offers.

The APRC applicable to your loan is (4.1%). It comprises:

Interest rate:

Part 1: Fixed interest rate

4.25%

for 5 years

Part 2: Variable rate 3.85% for 30 years

Costs to be paid on a one off basis:

Vacate fee: 35.00 EUR payable to the lender when vacating mortgage deed

Buy to Let transaction fee: 0.00 EUR (Including VAT) payable to the lenders solicitor prior to funds draw-down

Property Registration Authority Fee: 175.00 EUR payable to PRA via your solicitor prior to funds draw-down

Broker fee: 0.00 EUR payable directly to your broker

Valuation fee: The maximum valuation report fee is 150.00 EUR which includes VAT but excludes valuer's travel expenses. Payable to your valuer prior to funds draw-down

Final valuations: Properties incomplete at the time of the original valuation will require, on completion, a final valuation, the fee for which is 0.00 EUR which includes VAT but excludes travel expenses.

In the event that Permanent TSB declines your loan application the valuer's fee will be refunded.

Permanent TSB may require the applicant, at the applicants expense, to provide a drive-by valuation report from a Permanent TSB approved valuer, in respect of the property to be mortgaged where, at the date of drawdown of the Loan (or the date of Loan Approval for Self Build loans), the initial valuation report provided to Permanent TSB is more than 4 months old (or such other period as may be specified by Permanent TSB. The fee for a drive-by valuation, payable directly to the valuer, is 75.00 EUR which includes VAT but excludes travel expenses. Note: Permanent TSB will nevertheless apply time limits for acceptance and drawdown of the loan in accordance with the mortgage conditions, irrespective of the date of any valuation report.)

Costs to be paid regularly:

None

However, there is a monthly fee for maintaining the account (currently €6) payable in respect of the Explore account if you are availing of the 2% monthly cashback incentive with a Permanent TSB mortgage. Refer to section 7 for the details of this bundle.

This APRC is calculated using assumptions regarding the interest rate.

Because (part of) your loan is a variable interest rate loan, the actual APRC could be different from this APRC if the interest rate for your loan changes. For example, if the interest rate rose to 8.6%, the APRC could increase to 7.2%.

WARNING: THE PAYMENT RATES ON THIS HOUSING LOAN MAY BE ADJUSTED BY THE LENDER FROM TIME TO TIME

The following costs are not known to the lender and are therefore not included in the APRC.

Stamp Duty on Purchase of Property: Payable via your solicitor to the Revenue Commissioners at current rates.

Your Solicitor's Fee : Professional fee (as advised by the Solicitor) plus solicitor's outlay plus VAT.

Outlays: Outlays for Land Registry, Search Fees, etc.

Life Assurance: Endowment Policy Premium.

Life Assurance: Mortgage Protection Policy Premium (where the borrower(s) opts for this cover.)

Property Insurance Premium

Architect's report fee

Assigned certifier fee

Structural Survey fee

Current account fees: May be payable if you are availing of a mortgage incentive from Permanent TSB.

Drive-by and Final Valuation fees: Final valuation fee is included in the APRC only if becomes a known cost.

If you are availing of the Permanent TSB monthly cashback incentive, the APRC does not take account of the fee for maintaining the account (currently €6) charged to the Explore account holder, nor does it account for any amount paid as 2% monthly cashback.

WARNING: THE PAYMENT RATES ON THIS HOUSING LOAN MAY BE ADJUSTED BY THE LENDER FROM TIME TO TIME

Please make sure that you are aware of all other taxes and costs associated with your loan.

5. Frequency and number of payments

Repayment frequency: Every month

Number of payments: 420

Repayment frequency may change if Flexible Options are availed of (these are outlined in section 10).

6. Amount of each instalment

Part 1 €1,442.37 for 5 years

Part 2 €1,374.69 for 30 years

Your income may change. Please consider whether you will still be able to afford your monthly instalments if your income falls.

The interest rate on this loan can change. This means the amount of your instalments could increase or decrease. For example, if the interest rate rose to 8.6% your payments could increase to €2275.51.

7. Illustrative Repayment Table

This table shows the amount to be paid every month.

The instalments (column 2) are the sum of interest to be paid (column 3), and capital paid (column 4).

Outstanding capital (column 5) is the amount of the loan that remains to be reimbursed after each instalment.

Repayment Schedule	Amount of the instalment	Interest to be paid per instalment	Capital repaid per instalment	Outstanding capital after each instalment
Month 1	€1,442.37	€1,100.34	€342.03	€314,657.97
Month 2	€1,442.37	€1,135.79	€306.58	€314,351.39
Month 3	€1,442.37	€1,098.08	€344.29	€314,007.10
Month 4	€1,442.37	€1,133.44	€308.93	€313,698.17
Month 5	€1,442.37	€1,132.32	€310.05	€313,388.12

WARNING: THE TABLE ABOVE ILLUSTRATES THE AMORTISATION OF THE LOAN ASSUMING THE LOAN RUNS FULL TERM AND INTEREST RATES THAT CURRENTLY PREVAIL ARE AVAILABLE FOR THE TERM OF THE LOAN.

8. Additional obligations

The borrower must comply with the following obligations in order to benefit from the lending conditions described in this document.

You must have appropriate life assurance and home/buildings insurance for your property for the duration of this mortgage, and confirm to us that you have this cover in place. Failing to do so may cause us to take action on your behalf, and you will be liable for our costs should we need to do this. However, you are not obliged to

purchase these from ptsb, and these have not been included in the calculation of the APRC.

There may be Special Requirements pertaining to your mortgage. Please refer to Special Conditions section of your credit agreement documentation.

Please note the possible consequences of terminating ancillary services relating to the loan at a later stage: Failure to maintain your life and home insurance may cause us to take action on your behalf, and you will be liable for our costs should we need to do this.

2% monthly cashback: Qualifying mortgage customers, where the monthly mortgage repayment is made from a permanent tsb Explore Account will receive 2% cashback on the scheduled monthly mortgage repayment.

This is a bundled offer. The following features apply to availing customers:

- Cashback will be paid to qualifying customers (excluding Buy to Lets) who avail of the offer, until 31st December 2027.
- Full mortgage Letter of Approval (credit agreement) must be dated after 26/08/17 and before 31/03/2024.
- Changes to billed monthly mortgage repayment, agreed by both parties (e.g. Flexible Options, comprising agreed over/under payments) are eligible for cashback.
- Payments made in cash, cheque, bank draft, by debit/credit card, lump sum payments, returned or arrears payments are ineligible for cashback.

Explore Account is a current account subject to a fee for maintaining the account (currently €6) and this charge is not included in the APRC presented in this document. Other charges may apply. Explore account carries specific features offering 10c back on debit card transactions, up to €5 monthly cashback on bills and GoRewards - partners subject to change. Available to personal customers over 18. eStatements only. Terms & Conditions apply. Customers who avail of this bundled offer have a right to terminate the mortgage credit agreement or the Explore Current account separately. If either part of the bundle is terminated, the customer will no longer be able to avail of the 2% monthly cashback on a Permanent TSB mortgage.

9. Early repayment

You have the possibility to repay this loan early, either fully or partially.

Whenever;

- i. repayment of a loan in full or in part is made, or
- ii. with the agreement of permanent tsb, the loan is switched to a variable rate loan or other fixed rate loan, before expiry of the Fixed Rate Period (hereinafter called the "Early Termination"), the applicant shall, in addition to all other sums payable as a condition of and at the time of the Early Termination, pay a sum equal to the Permanent TSB's estimate of the loss (if any) arising from the Early Termination. In the calculation of the said loss, Permanent TSB shall endeavour to apply in so as far as it is fair and practicable, the formula $C = (I - S) \times R \times (M - T) / 12$ where C is the charge to compensate for the loss (if greater than 0), I is the swap/market fixed interest rate for the term of the Fixed Rate Period at the date of its commencement, S is the swap/market interest rate for the remaining fixed period, R is the amount of the Fixed Rate loan balance paid or switched at the date of Early Termination, M is the Fixed Rate Period (in months) and T is the time expired of the Fixed Rate Period (in months) at the date of Early Termination.

Here is an example of how the exit charge is calculated

Example: Mortgage fixed for (M)2 years, breaks after 1	
(R) Remaining balance on account at time of breakage (at 1 year)	€100,000
(I) 2 year swap / market interest rate* (at start of period)	5.50%
(S) 1 year swap / market interest rate* (at time of breakage)	3.50%
Difference in swap / market interest rates	2.00%
(T) Term remaining	1 year (365 days)
Rate applicable = Term remaining (1 year) x difference in market	2%

interest rates (2%)	
(C) Loss applicable = €100,000 x 2%	€2,000

**Swap / Market interest rate is the rate at which the Bank can hedge the interest rate exposure*

This example is for illustrative purposes only and is based on a prediction of the interest rate environment which might exist at the time of breakage. The actual amount payable by you will depend on the status of the above variables and the capital repayment schedule at the time you may choose to exit from the fixed rate agreement. Should you decide to repay this loan early, please contact us to ascertain the exact level of the exit charge at that moment.

10. Flexible features You have the possibility to transfer this loan to another property or lender. Additional features: Payment Holiday A payment holiday allows you to take a break from your mortgage or reduce your payments for 3 months. You can reduce your repayments by the full amount or partially by a selected amount. During your payment holiday you will need to pay your insurance costs such as life assurance and home insurance. You can avail of the payment holiday option up to three times during the life of the mortgage. Payment holidays are only available on annuity home loans where • You have your mortgage with Permanent TSB for at least 1 year. • You have a loan for no more than 90% of the property's value. • You have been no more than one month in arrears in the last two years. • You pay the loan by direct debit or standing order. You cannot receive a Payment holiday on • Commercial and residential investment mortgages unless you have enough credit on your account from previous overpayments. • Endowment, annual interest or pension-backed mortgages. Underpayment If you have previously made regular overpayments and have built up credit on your mortgage, you can use this credit for a payment holiday. Depending on the amount of credit built up, you can extend the length of the payment holiday beyond three months. You can also underpay a payment by the amount of credit built up. You can avail of this option as many times as you like once you have the credit built up on your mortgage and you pay the loan by direct debit or by a standing order drawn on a Permanent TSB account. You cannot avail of the Underpayment option on • Endowment, annual interest, pension-backed mortgages or interest-only mortgages. Annual 'Skip Months' Payment Holidays 'Skip Months' allows you to choose up to two months of each year where you don't make any mortgage repayments. We will increase the amount of your repayments over the remaining 10 or 11 months of the year (whichever you choose). This means you are paying 12 months of your mortgage over 10 or 11 months. For example, if you decide not to repay in December each year and use the 'Skip Months' option as a way of saving for Christmas, we will arrange for your 12 repayments to be spread over the 11 remaining payments due each year until you cancel the 'Skip Month' facility. Remember your insurance costs are still payable during this time.
--

With 'Skip Months', you will continue to skip your repayments on the same chosen month(s) each year for the rest of your mortgage until you cancel this option in writing.

You cannot receive 'Skip Months' on

- Interest only mortgages
- Endowment mortgages
- Annual interest mortgages
- Pension backed mortgages
- Mortgages in arrears

You must pay the loan by direct debit or a standing order drawn on a Permanent TSB account.

Lump-Sum Payment

Typically, lump-sum payments are made from a customer's bonus, investments or perhaps an inheritance. Please note when overpayments or lump-sums are made to Permanent TSB, they are not refundable to customers.

Lump-sum payments cannot be applied where an underpayment or overpayment arrangement is in place. Certain conditions apply when making lump-sum payments to fixed rate loans.

WARNING: YOU MAY HAVE TO PAY CHARGES IF YOU PAY OFF A FIXED-RATE LOAN EARLY.

You can use the lump sum payment to reduce your monthly repayments or your term for capital and interest loans. For interest-only loans, the only option is to reduce your monthly repayment.

Regular Overpayments

Regular overpayments are where you make an overpayment on your mortgage by a nominated amount. The overpayments will be credited to your mortgage account.

The benefits of overpaying on your mortgage are that you

- Reduce the term of your mortgage and
- Save on the interest charged

We are unable to set up a regular overpayments option on

- Annual interest mortgages
- Endowment mortgages
- Interest only mortgages
- Pension backed mortgages

You must pay the loan by direct debit or a standing order drawn on a Permanent TSB account.

When overpayments or lump-sums are made to Permanent TSB they are not refundable to customers.

Preferred Payment Date

Choosing your preferred payment date gives you the flexibility to choose the specific date you make your mortgage repayment on each month. As a result, you can now arrange to make your repayment on the day that suits you best.

If you use this option you may have to pay extra interest over the term of the loan.

If you are currently billing Interest only, by changing your payment date this will result in your monthly repayments being recalculated and may result in an increase in your current monthly bill.

Terms and conditions apply.

Please note that your Preferred Payment Date cannot be changed if you are already on a restructure agreement (for managing arrears on your mortgage) or a flexible repayment option.

Important note

No amendments can be made to the repayment, repayment date or Direct debit details 8 days prior to your repayment due date. If an amendment is received during this period, the amendment will be processed after your next repayment due date.

11. Other rights of the borrower

You have 6 months after we have confirmed our binding offer to you to reflect before committing yourself to taking out this loan.

Please note that the Bank can't guarantee that interest rates and other charges as presented in this document will remain constant until expiry of your reflection period. Rate and charge information may be changed at any point past the date of issue.

12. Complaints

For further information regarding our complaints procedure, please visit our website:

<https://www.permanentsb.ie/about-us/contact-us/customercomplaintscharter/>

If you have a complaint please contact:

Permanent TSB
Customer Resolution Centre
Churchyard Lane
Douglas
Cork
Telephone: 0818 818 700
Outside ROI telephone: +353 1212 4435

If you remain dissatisfied with the Bank's response to your complaint you may refer to the Financial Services Ombudsman for adjudication.

The Ombudsman may be contacted at the following address:

Financial Services and Pensions Ombudsman
Lincoln House
Lincoln Place
Dublin 2
D02 VH29
Phone: 01 5677000
Email: info@fspo.ie
Website: www.fspo.ie

13. Non-compliance with the commitments linked to the loan: consequences for the borrower

We will provide you with a booklet of the terms and conditions relating to this mortgage. This will provide further information on your obligations under the contract. We would particularly highlight that failing to meet the required payments (or to make such payments on time) may mean further costs where this results in further work for us.

Any missed repayments will increase your debt under the contract and may ultimately lead us to take action to enforce our security.

You are also obliged to have appropriate buildings insurance. Failing to do so may cause us to take action on your behalf, and you will be liable for our costs should we need to do this.

WARNING: If you do not meet the repayments on your loan, your account will go into arrears. This may affect your credit rating, which may limit your ability to access credit in the future.

Should you encounter difficulties in making your monthly payments, please contact us straight away to explore possible solutions.

WARNING: YOUR HOME IS AT RISK IF YOU DO NOT KEEP UP PAYMENTS ON A MORTGAGE OR ANY LOAN SECURED ON IT.

14. Supervisor

Permanent TSB p.l.c. is regulated by the Central Bank of Ireland.
